Power Blade differs from other thoroughbreds in that he has a jumping pedigree. His father Fine Blade (sire of **The Wexford Lady**) was a top showjumper, and his dam First Field was a daughter of **Forties Field**, an influential sire of competition horses. His full sister **Fine Fields**, eventing internationally in the USA.

As a young horse, Power Blade **show jumped to 1.30m** level before retiring to stud with Patrick Byrne at Ballygrangans Stud in Ireland.

During this time he has been compared to the hugely influential thoroughbred sires **Master Imp** and **Sky Boy**, and has sired **over 200 foals** many of whom are now competing Internationally in both eventing and show jumping and also winning in the show ring.

In 2005 he was crowned **Croker Cup Champion** at the Royal Dublin Horse Show.
